Exciton Dissociation in Single Quantum Dot-Molecule Complexes

Emily Weiss
Associate Professor of Chemistry

Matthew Pelton
Physicist, Center for Nanoscale Materials, Argonne National Lab
Victor A. Amin (Weiss group, NU) ; Kenneth O. Aruda (Weiss group, NU)

NU-Argonne Early Career Award
Final Report 8/31/2014
1. Control of Fluorescence Intermittency (Blinking) in QDs using a Molecule

**Blinking trajectories:**

**Without viologen**

**With viologen**

2. Gating of Redox Activity of QDs by their Organic Adlayers
