The Global Architecture Brigades

Panama 7-Day Environmental Brigade

President: Ryan Yang
Faculty Advisor: Ellen Worsdall
The Brigade:
The partnership of Northwestern, DePaul and University of Illinois students to construct greenhouses for an indigenous Panamanian tribe, the Embera community

Impact:
• The sustainable alleviation of nutrition deficiency
• Education workshops focused on promoting environmental preservation
• Cooperation between members of different nationalities to accomplish a common goal

ISEN’s Contribution:
Reducing the financial burden on each participant attributed to food, housing, and construction materials
