Food Justice in Agriculture: the farms as a Tool for Social Change

Presented by the Wild Roots garden
Erika Allen Talk

• Grow Food, Grow Minds, Grow Community
  • Sustainable farming and its influence on community building and sustainable knowledge development

• Soil, Soil, Soil
  • How soil is the basis of every good farm
  • Composting and its influence on production

• Ongoing connection
  • Allen’s return to campus this Spring will allow those influenced by her talk to reach out again
  • A short conversation leading to a long-lasting partnership
