ISEN 413 - Managing People & Workforce Diversity in Energy & Sustainability (0.5 credits)
Northwestern University

Instructors:

Faculty Adviser:
Dr. Nicholas Pearce - https://www.kellogg.northwestern.edu/faculty/directory/pearce_nicholas.aspx

Guest Lecturers:
Sherina Edwards
Ann Becker
Stephen Bailey

Office Hours: By appointment
Class Room: L211
Class Timing: Spring Quarter, March 30 – April 30, 2021; 9:30-10:50am (Monday & Wednesday);

Course Synopsis: The energy and sustainability markets are on the cusp of massive growth, but this market has specific challenges and opportunities that professionals must build an understanding of. As such, this course is designed to:

- Define and help students understand diversity & inclusion in today’s professional world
- Build awareness of the current state of diversity and inclusion in energy & sustainability markets
- Offer guidelines for self-awareness and expand skills needed to navigate challenges and opportunities specific to these markets
- Present practical strategies to accelerate diversity, equity, and inclusion in organizations and drive results
- Reflect on the role of a “sustainable” organization in relation with Inclusion and Equity

Course Goals: Given the rapidly increasing levels of workplace diversity and marketplace globalization, leaders must invest in people management skills. The goals of the course include:

- Building skills in self-reflection and invest in understanding the perspective and experience of people of other genders, races or ethnicity, ages / generations, religions, socioeconomic groups and educational or functional backgrounds
- Understand demographic trends and DE&I stakes in the energy and sustainability sector
- Build your skills to interact in culturally diverse contexts more thoughtfully
- Learn about strategies and models that organization can use for collaboration and optimal engagement of diverse teams and develop the ability to understand, engage, and integrate people of different backgrounds & worldviews
### Grading/Assessment:
Grading will be based on the following rubric:

<table>
<thead>
<tr>
<th>Component</th>
<th>Weight</th>
<th>Details</th>
<th>Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>Effort and Attendance</td>
<td>20%</td>
<td>Based on consistent attendance and full participation (this is mandatory for all 10 classes) and instructor assessment of preparation for and participation in class</td>
<td>Ongoing</td>
</tr>
<tr>
<td>Response Papers</td>
<td>40%</td>
<td>Papers that comment on that week’s lecture topic(s). Papers will be 2-3 pages in length and will address question posed by the instructor (x2)</td>
<td>Weeks 2, 4</td>
</tr>
</tbody>
</table>
| Final Paper           | 40%    | Group paper. Identify an opportunity for one of the following organizations to increase value through diversity. You can gather information through publicly available information and also interview an executive of this organization or other professors or guest speakers of the ISEN program to get their perspective. You can include reference to recent events (e.g. winter storm in Texas) or demographics / socio-economic trends. In your paper, reflect on the work you are doing as a diverse group and highlight/ explain the following : what unique perspective is each member in your group bringing to the discussion. What challenges did you have to overcome as a group? How did you approach them (did you use some of the techniques discussed in class)? Illustrate how the diversity of thoughts and inclusion made your group more successful. The organization should be picked in one of the following areas
  - Traditional electric utility
  - E&S Investment Fund
  - Government Agency
  - Corporate Board of Consumer Goods company | Week 5       |
Grading Policy:

- 10% will be deducted from late homework assignments turned in within 24 hours of the deadline. 50% will be deducted from late homework assignments that are more than 24 hours but less than 7 days late. No credit will be given for homework turned in more than 7 days after the deadline. All questions and problems regarding grades must be presented in writing within one week after the test, homework, or project has been returned.
- Grades will be assigned based on all the work you have completed during the quarter using the following scale:

COVID-19 Implications
Students must follow all University policies and procedures surrounding COVID-19. This includes, but is not limited to:

- **Masks**: Northwestern requires community members to wear masks in all campus public and shared environments, including outdoor spaces and instructional spaces.
  - Disposable face masks will be available at identified building entrances in all campus buildings.
  - Clear face coverings may be worn to improve ability to read lips; if an accommodation is needed, please contact Accessible NU (students) or Office of Equity (faculty).
  - Face shields are no longer allowed as an alternative to a face mask, per guidance from the CDC and Northwestern Medicine. This includes instructional spaces regardless of social distancing.

- **Social Distancing**: Physical distancing of at least 6 feet must also be maintained where possible. Classroom occupancy has been adjusted and signage has been placed around buildings to facilitate social distancing.

- **Hand Washing**: Across the University, community members are expected to maintain responsible personal hygiene. Hands should be washed frequently, faces should be covered when sneezing or coughing, and individuals should not come to campus if they are sick. Limiting the touching of shared surfaces reduces the spread of the virus.

- **Seating Chart**: To facilitate contact tracing, should it occur, MSES will create a seating chart for each course and post it on the course Canvas page. Please be sure to sit in your assigned seat.

- **Symptom Tracker**: Completing your daily symptom check and staying home if you have any symptoms are important steps to fostering a healthy campus environment. Faculty, students, staff and visitors are expected to use the web app for daily health monitoring on days they come to campus.

- **COVID Testing**: As noted below, ALL graduate students must receive a negative test during Wildcat Wellness and before starting in-person classes on January 19. Throughout the semester we expect MSES students to be tested weekly or bi-weekly. Please abide by the email reminders you receive from the testing center.

- **Wildcat Wellness**: The University will again hold a Wildcat Wellness period from Jan 4 through January 17. During this time ALL graduate students must be tested for COVID-19 and ALL classes will be held remotely.

- Review Student Expectations [here](#).

It is also the policy of the MSES Program that all lectures will be recorded and offered in a synchronous, hybrid format. In Winter Quarter 2021 this means that students are expected to attend class in-person on Mondays and Tuesdays and that class will be held completely remote on Wednesdays and Thursdays. On in-person days there will always be a synchronous Zoom option for any students that feel ill or are uncomfortable coming to class. If the professor needs to alter this schedule, they will aim to announce the changes at least 24 hours in advance.

**Expectations for Class Participation**
Being prepared for class is about more than just showing up, it’s also about making sure you’ve completed the readings, homework, etc. so that you are able to make thoughtful contributions during class. Sitting silently and/or being unprepared can damage your participation grade. When in a virtual
class, we expect students to keep their camera and mute on as much as possible. When in the classroom, we expect students to keep their phones off and put away.

**Academic Integrity**
Academic integrity is taken very seriously at Northwestern. Students are responsible for reading and understanding Northwestern’s Academic Integrity policies. All suspected violations will be reported to the McCormick College of Engineering’s Dean’s Office. These include cheating, plagiarism, fabrication, unfair advantage, unauthorized collaboration, and aiding and abetting of academic dishonesty. Students found in violation of academic integrity may receive a zero on the assignment or a failing grade for the course, and may be suspended or permanently expelled from the University. See [Academic Integrity: A Basic Guide](#) for more information.

**AccessibleNU and Disability Accommodations**
Any student requesting accommodations related to a disability or any other condition is required to register with AccessibleNU (847-467-5530) and provide professors with an accommodation notification from AccessibleNU, preferably within the first two weeks of class. All information will remain confidential. See the [AccessibleNU website](#) for more information.

**Illness and Medical Leave of Absence**
Review the University’s policy on missing academic work due to illness. Your instructor cannot waive an assignment missed due to illness unless the illness can be verified (e.g., by University Health Services or other licensed health professionals).

**Discrimination and Sexual Harassment**
Northwestern’s Policies on Discrimination, Harassment, and Sexual Harassment apply to all members of the University community, including students, staff, faculty, and third parties. Any student, staff, faculty member, or third party who believes that they have been discriminated against or harassed on the basis of their race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, pregnancy, parental status, marital status, age, disability, citizenship, veteran status, genetic information or any other classification protected by law, should contact the Office of Equity at (847) 467-6571. Additional information about the University’s discrimination and harassment policies, including the campus resources available to assist individuals with discrimination or harassment concerns, is available online on the [Office of Equity Website](#). Students, staff, and faculty who report harassment, discrimination, or sexual misconduct are also protected under the [University’s Policy on Non-Retaliation](#).

**Sexual Misconduct and Reporting**
Northwestern University is committed to fostering an environment where students are safe and free from sexual misconduct. [Confidential resources](#) are available to those who have experienced sexual misconduct. Faculty and instructors are not confidential resources and are required to report incidents of sexual misconduct, whether discussed in your assignments or in person, to the Office of Equity, which can provide information about resources and options. We encourage students who have experienced
sexual misconduct to talk with someone to get support. For more information, including how to request interim protective measures and academic accommodations or file a complaint, see the Get Help page.

Other Resources
Students can find useful resources for safety and security, academic support, and mental and physical health and well-being at the NUhelp website.

Class Recording
This class or portions of this class will be recorded by the instructor for educational purposes and available to the class during the quarter. Your instructor will communicate how you can access the recordings. Portions of the course that contain images, questions or commentary/discussion by students will be edited out of any recordings that are saved beyond the current term.

Unauthorized student recording of classroom or other academic activities (including advising sessions or office hours) is prohibited. Unauthorized recording is unethical and may also be a violation of University policy and state law. Students requesting the use of assistive technology as an accommodation should contact AccessibleNU. Unauthorized use of classroom recordings – including distributing or posting them – is also prohibited. Under the University’s Copyright Policy, faculty own the copyright to instructional materials – including those resources created specifically for the purposes of instruction, such as syllabi, lectures and lecture notes, and presentations. Students cannot copy, reproduce, display or distribute these materials. Students who engage in unauthorized recording, unauthorized use of a recording or unauthorized distribution of instructional materials will be referred to the appropriate University office for follow-up.
